

ROOM FOR RENT SPECIALIST PRACTICE IN BRUNSWICK

Dr Melinda Newnham is opening a custom-built dental specialist practice in the Canvas building, Brunswick.

We would love to welcome another dental specialist to our practice, either to rent a room or on a contract/ commission basis. Underground parking is included in the arrangement.

Our facility features brand-new equipment and includes a Morita CBCT and OPG machine.

We are within walking distance to public transport, cafes, restaurants and Barkly Square shopping centre.
